OAK AND MAPLE
CABINETS

2008
PRODUCT BROCHURE

Lynwood

Like choosing a fine wine or a buying a luxury car, there are times when price is not an issue. Lynwood, with **maple raised panel** doors, plywood drawers and concealed hinges, is our new premiere line of cabinetry. High-grade maple and classic styling make Lynwood the perfect choice when you demand the best! Door pulls not included.

Mellowood

MAPLE

Mellowood offers simple elegance with a *maple flat panel* door profile. Its smooth clean look is the perfect choice for contemporary or colorful decorating styles. Features include concealed hinges and plywood drawers.

Kitchen Kompact is located in Jeffersonville, Indiana, across the Ohio River from Louisville, Kentucky.

OAK

Richwood Lite

Richwood Lite features *oak raised panel* cabinetry with plywood drawers and concealed hinges. Bring a designer look to your home for a fraction of the cost of custom-built cabinets. Through creative use of cabinets and tasteful complements of matching accessories, you can have the kitchen you've always imagined.

*Cathedral**

Square

**Cathedral available in wall cabinets only*

Chadwood² "The Deuce"

OAK

Your kitchen is the true heart of your home – a place where family and friends share good food and good times. With a traditional ***oak flat panel*** door profile, plywood drawers, concealed hinges and its golden tone, Chadwood² "The Deuce," our most popular line, is the perfect choice.

Kitchen Kompact is a family-owned company that has been in business for over 50 years.

*Cathedral**

Square

**Cathedral available in wall cabinets only*

KITCHEN KOMPACT

The Enduring Beauty of Wood

There's solid wood durability built into every KK cabinet. From the oak or maple on the doors to the solid pine corner blocks on the base cabinets, each cabinet is built to last.

Note these quality features:

- All frames are built of solid 3/4" oak or maple. Each rail is kiln-dried, joined by mortise and tenon, and then glued for added strength.
- Solid wood corner blocks are glued and power nailed.
- Solid wood toe kicks, 3/4" thick.
- Solid wood hanging strips on wall and base cabinets, located at the top and bottom.
- End panels are wood veneered, 1/2" plywood construction.

All cabinets get stained and sealed and are protected with a durable topcoat. The result is a surface that is virtually "family-proof," resisting many household chemicals, water, alcoholic beverages, mild acids and even nail polish.

And there's more, all KK cabinets feature plywood drawers as a standard. A front-to-back epoxy-coated drawer system is securely attached to a solid wood strip in the back of the cabinet for stability, and years of smooth operation. We also offer handicapped accessible designs.

The result is more than just a kitchen you can cook in. It's a kitchen you can live in at a price you can live with.

Kitchen Kompact, Inc. reserves the right to change design, specifications or materials without being obliged to incorporate such changes in products of prior manufacture. The artwork and specifications contained herein are the property of Kitchen Kompact, Inc., and may not be copied or reproduced without the written consent of the company.

All KK cabinets feature plywood drawers.
